## Supply List

Instructor: $\qquad$ Class: $\qquad$
Below are some commonly used items from Blick Art Materials, as well as blank slots for you to fill in your additional supplies. If possible, please select items from the provided list, as this allows us to purchase many commonly used items in bulk. For materials not available from Blick, please provide supplier information, as well as specific item numbers. Courses using items purchased through the CIA store must submit materials lists noting that as the supplier.

All Pre-College students will receive a $5 x 8$ sketchbook. 2D courses will receive a portfolio, and digital course students will receive a flash drive.
